

HIRE is focused on the acquisition of information technology, staffing, and HR consulting firms. We provide our partners with meaningful cross-selling opportunities, access to leading technology, and a centralized back-office to support growth.

Why HIRE?

Unique Strategy

We are the only public consolidator of staffing, technology and HR consulting firms in Canada.

Strong Management

Our team has deep industry relationships and demonstrated track records of managing firms for profitable growth.

Resilient Revenue

We have diverse revenue streams with a business model that is responsive to varying economic conditions.

COVID19 Spotlight

Our Observations

Post COVID19 recovery will include government stimulus programs targeted towards re-employing millions of affected workers and employers. Staffing will rely more heavily on technology driven solutions.

Our Role

As a technology and staffing company we are well positioned for re-employment into transformed workplaces.

Doing Our Part

We are providing free support to those affected, through job search advisory programs.

Our Mission

Our mission is to transform the staffing and recruiting business model by leveraging advancements in AI and digital technologies in order to accelerate growth for our network while bringing an enhanced value proposition to our clients, candidates and shareholders.

Our Strategy

1 Acquire staffing, HR consulting and technology assets

2 Integrate the companies into the HIRE model

3 Optimize & maximize operational efficiencies for individual firms

4 Scale through a network across different geographies and specialties
